

Got Shots? Protect Tots!

Love them. Protect them.
Immunize them.

Provider Registration Form

*Week of
August 6-20, 2011*

Thank you for participating in this year's "Got Shots? Protect Tots!" back to school event. All providers are invited to participate.

Please fax or email your registration form to Maggie June at 505-272-3680 or mjune@salud.unm.edu by July 8, 2011 to be eligible for event incentives. We are not able to provide incentives for those registering late.

During this event, providers will open their doors to vaccinate all children at no cost to the parent, regardless of the child's insurance status. Working together we can ensure that no child will suffer from a vaccine-preventable disease because they did not receive age-appropriate vaccinations.

If you have any questions please contact either Maggie June at the NM Immunization Coalition, 505-272-3032; or Deb Blanchard at the NM Primary Care Association, 505-855-6974.
